

"O" 45 - Suspension

IP67 

DESIGN BY

Elemental

DESCRIPTION

"O" is an essential element that, when switched on, frames nature and suggests perspectives, an unobtrusive object in space that does not alter environmental balances. Its controlled and comfortable light emission can be adjusted with sensors and with the Artemide App to ensure focused operation, thus preventing waste and respecting the circadian cycles of all animal and plant species. Introduced in 2018 in the ground and suspended outdoor versions, it is a perfect lighting appliance also for indoor use thanks to a cabled option that allows easy relocation. In this case too, the IP protection grade is anyway fit for outdoor use. Its lightness is not just formal: its thin aluminium profile is an element on its own, which can be moved wherever necessary, allows multiple uses, and creates a pleasant ambience anywhere with its soft, non-glaring light. "O" is developed in the original 90-cm diameter version, as well as in a smaller, 45-cm version featuring all the characteristics of the original one. All the versions come with both a white and a black finish to match all possible spaces. "O" is thus a comprehensive family of elements creating dynamic lightscapes.

TECHNICAL DRAWINGS

FEATURES

Article Code:	T072130	Material:	Aluminium, silicone
Colour:	Black	Series:	2019 Artemide
Installation:	Suspension, Floor		Collection, Outdoor
Environment:	Outdoor		

DIMENSIONS

LUMINAIRE

Watt:	22W	Delivered lumens output (lm):	859lm
		CCT:	3000K
		CRI:	90

Notes
